- IHN-CCO has a new Assistant Vice President/Director of IHN-CCO Operations: Melissa Isavoran.

Request for Proposal Discussion and Decisions

Scorecard Results and Supporting Materials

- The scoring summary shows the average of all raters scores by component.
- The ranking is left to right based on the sum total of each components scores.
- The lower graphic shows the standard deviation among scores indicating agreement and disagreement among raters.
- Darker red shows more deviation or disagreement.
- The ranking summary is a heatmap showing the different groups by scores based on the raters scoring.
- The Regional Planning Council (RPC) will provide final decisions August 19, 2021.
- 18 eligible voters in attendance.

Decolonizing Behavioral Health Supports for Unhoused and Low-Income Community Members

- Relational approach will likely have a high return. Strong knowledge about relationships that could help.
- Could be easily replicated.
- Not punitive. Allows people to come as they are and be met as they are 'in that moment', not as we want them to be.
- Decolonizing- this is about the broad concept of settler colonialism and how the medical industrial complex was formed/continues to operate
- Note: "decolonization." Often, it is used to describe the action of "reclaiming what was taken." So we are assuming that health care was taken from this target community? Or is it better to use another word to indicate that health care has never really been offered? Decolonization assumes that some group

took away the land/service/right. Would like to know who did that, if "decolonization" is the right word.

- Decision: 16 yes, 2 no, 0 abstain.

Developing a Diverse Dental Workforce

- Dental assistants were short staffed prior to COVID. During and after COVID this industry is incredibly short staffed and there are even less bilingual dental assistants than previously.
- Singles out one type of diverse population, while leaving out other and people who may have disabilities.
- Looks to be easy to duplicate. Seems very sustainable.
- Creates ongoing growth- allows for growth and change.
- Suggestion: that this be offered bilingually, not just in English. Clarification was received from the pilot writers that at this time, this training will only be offered in English.
- Decision: 11 yes, 7 no, 0 abstain.

Overcoming Barriers, Foster Youth

- This pilot has an overwhelming amount of community support.
- Contains wraparound holistic vision that we want in our community.
- This pilot is to work with the pilot that Dr. Cousins submitted and that is ongoing.
 - Question: What is ongoing with their current work that needs additional help and/or what is new and inventive and different than Dr. Cousins' pilot?
- Decision: 10 yes, 7 no, 0 abstain.

Pain Science Life Stories

- Concerns- No social determinants of health lens, no way to track IHN-CCO members.
- Would like to have seen how many people the pilot was planning on targeting for this, but that number was not available/able to be found.
- Concern about the sustainability plan.
- Decision: 5 yes, 13 no, 0 abstain.

PUENTES: Improving Language Access and Culturally Appropriate Messaging to Address Health Inequities in the Latinx Communities of Linn and Benton Counties

- Appreciated that they will be spending time on creating a healthy foundation.
- Decision: 16 yes, 3 no, 0 abstain.

Red Feather Ranch Women Veterans Cohort

- With not having had this population targeted and worked with previously, this pilot seems to have a lot of DST support.
- How is this pilot identifying women? Could the way that 'women' is identified be updated/reworded?
 - Transformation will discuss the feedback with the pilot.
- Decision: 16 yes, 2 no, 3 abstain.

Decisions

Pilots to go to the Regional Planning Council for final approval:

- Overcoming Barriers, Foster Youth
- Developing a Diverse Dental Workforce
- PUENTES
