

# InterCommunity Health Network (IHN) Update

January 10, 2022

# Regional Health Needs Assessment

*A collaborative approach*

- **Data collection is underway** to include:
  - Demographics
  - Social determinants of health
  - Environmental and health
  - Maternal and child health
  - Mental health/substance use disorder
  - Mortality and accidental death
  - Chronic disease
  - Communicable disease
  - Access to care
  - Public health partnerships
- **Initial brief survey of community partners** to understand primary individual and community health concerns and seek interest in more robust involvement (February)
- Survey of individuals to be more robust to collect stories that identify the specific health and SDoH of our community

*Final needs assessment to be completed Summer 2022*
