Welcome and Introductions

- Beginning in 2022, invitations will be sent out for this meeting.

Transformation Update

- THW workgroup- developing initiatives and what we will work on
- Sustainability workgroup- starts next week. Will be focused on how we measure outcomes and billings.
- We're looking at language access more in-depth and how we get information on what is needed. Looking at how we help with interpreter needs.
- IHN is working on re-tooling HIT strategy- what do we need (community and partner wise). What do we need to move towards better connectivity.
 - There will be an initial survey- it will run through this group and other workgroups as well.
 - You will have the opportunity to say you'd like to be involved or just informed.
- Initial regional health assessment will be going out early in Feb and we would like responses within a month.

Roles and Responsibility Document

IHN-CCO transformation will update the information that is similar in the DRAFT Charter that was updated last meeting and the roles and responsibilities document.

This will allow for a quick review and approval next meeting.

DST Priority Areas

- *SHIP Priority areas:*
 - 1. Institutional Bias;
 - 2. Adversity trauma and toxic stress;
 - 3. Behavioral Health;
 - 4. Economic Drivers of Health (housing, transportation, living wage jobs, etc.);
 - 5. Access to equitable preventive health care.

IHN-CCO DST Roles and Responsibilities Form

As a member of the InterCommunity Health Network Coordinated Care Organization (IHN-CCO) **Delivery System Transformation Committee** I agree to the following principles:

Adopt and support the objectives of the Delivery System Transformation Committee:

- Improve the health delivery system by bringing the community together.
- Use the collective impact model building on current resources and partnerships.
- Ensure PCPCH (Patient-Centered Primary Care Home) and Community- Based Health Initiatives as key foundational pieces of IHN-CCO.
- Welcome innovative ideas; plan and implement transparent collaborative strategies that are aligned with IHN-CCO goals and objectives for their members.
- Pursue the Quadruple Aim: improving patient experience, improving the health of populations, preventing provider and staff burnout, and reducing the per capita cost of health care.
- The DST understands and seeks innovative proposals to impact the conditions in which individuals can achieve optimal health. Primary health care is an important individual foundation for health; the DST seeks to impact systems broader than clinical care

Provide strategic guidance, vision, and oversight for the Committee:

- Commit to developing strategies that strengthen the community.
- Share data and information with the Committee.
- Encourage attendance and participation of the DST workgroups.

Play an active role:

- Participate in the meetings.
- Review materials and be prepared for engaged discussion, active listening, and respectful dialogue.
- Foster and promote the spirit and message of the Committee.
- Identify other partners to join the efforts of the Committee.
- Serve as a vocal champion of the DST's work.

Avoid conflicts of interest:

- Abstain from voting on pilots that I am actively involved in.
- Communicate conflicts of interest that arise to the committee and abstain from voting.
- Always act in the best interests of IHN-CCO members.
