Overview and Background

Social Determinant of Health (SDoH) Spending Program

- Legislative requirement defined by state law and Oregon Administrative Rules

- Coordinated care organizations (CCOs) must invest some of their profits back into their communities by spending a portion of their net income or reserves

- One way that CCOs respond to SDoH, health inequities, and social needs of members
    - IHN-CCO also does through the Delivery System Transformation Committee (DST) as well as flexible services

SHARE Initiative Requirements

- Align with community priorities in the community health improvement plan (CHIP);
- Include any statewide priorities for SHARE spending in the contract;
- Include a role for the community advisory council in directing and tracking;
- Involve community partnerships with a portion of dollars going to SDoH partners; and
- Fit into at least one of the four domains related to the social determinants of health and equity:
  - Economic stability
  - Neighborhood and built environment
  - Education
  - Social and community health

Last Year's Work

- Focus on housing entirely
    - Aligned with SHIP/CHIP/SDoH WG/housing as a requirement
    - Based on feedback from the SDoH Workgroup & Community Advisory Council (CAC)
- Seven projects funded – all were SDoH-E partners

2022 Process

Evaluation based on scorecard developed by the CAC

1. Discuss scoring criteria and brainstorm
2. CAC finalizes scorecard
3. IHN-CCO releases Request for Proposal based on CAC Scorecard
4. IHN-CCO evaluates proposals based on CAC scorecard
5. Proposals approved and contracting begins
