### **Transformation Update**

- Presented Samaritan and IHN-CCO organizational charts.
- Pilot progress reporting is due July 7, 2022. Many pilots will present a short update at the Committee in June 2022.
  - Pilot reporting template will be sent out next week.
- The Health Equity Workgroup needs a community co-chair.
  - Vote was called to approve Renee Smith as DST Community Co-Chair, passed.
  - Visions include – sustainability for Pilots, access concerns, finding the heart of the service.

### **Pilot Closeout Report Review**

- What outside resources were accessed to complete the pilot?
  - What additional supports were needed?
- What outside dependencies did the pilot rely upon? Were there key stakeholders outside of their program that were necessary to the overall success? Have they dedicated time/resources to continue that work?
- How did this transform the healthcare system? How was this innovative? Did you discover other programs doing this work during the pilot timeframe?
- Look closely at our CHAs and CHIPs and look for gaps.
- What is evaluation and how do we systemically do this?
- What was helpful or what was challenging about being a member of the DST or the workgroups?
- What new energy has been generated resulting on your pilot?
- What mentorship channels have helped?
- How did you spread the word of your pilot?
- Add DST evaluation to the closeout survey.
- Balance with data collection and standardized evaluation to show system impact .

- Adding an evaluation of DST process as they close out - there is an internal closeout survey about IHN-CCOs support of the process.
- Add questions specific to DST or workgroups so we have feedback.

### **Updates and Announcements**

- Family Tree Relief Nursery was a part of two major projects that were just funded expanding housing and low barrier treatment options.

### **Letter of Intent (LOI) Discussion and Decisions**

- Social-Media Health Promotion
  - Does not seem to impact oral health integration.
  - What are other languages this will be provided in?
- Family and Me Smoke-Free
  - Connect with the county health department and Obria and recommend including as partners.
  - Tobacco funding has quadrupled, the proposer needs strong connection to the counties and address funding.
- Coastal Kids Mentoring Program
  - Mitigating risks of children – who are the adult volunteers?
  - Collaborate with Safe.
- School Based Health Center
  - Why isn't this funded via through the school?
    - There is not one in East Linn.
  - Concerns over sustainability.
- Faith Communities Engaging Health
  - What faith communities are being focused on? Ensure there are diverse faiths represented.
- All LOIs approved to move forward to submit a full proposal.
- Discussion for strategic planning:
  - Potential for change the process to reevaluate the scoring, potentially add a second level.

### **Pilot Progress Report Updates**

- Wellness in Neighborhood Stores
  - A collaborative project with Oregon State University (OSU) and Linn County Public Health. Previously halted by COVID-19, the project has been reinvigorated and interviews will begin this summer, collecting insights and prospective of store owners and shoppers regarding food access. Foresee potential challenges with community engagement and store buy in. Local Champions have not been identified as of now, possible recruitment opportunities as outreach and interviews begin. DST member suggestion for specific store in Albany.
  - Transformation will follow up on connections post DST.
- Namaste Rx
  - Currently contracted with 3 yoga studios and 2 more to come. Seeing a large amount of community buy in. Moving forward with working on getting customers and a website created. Website will include provider portal that will work for the providers and members. Currently only open to adults for the first year with plans to expand capacity for children.
  - Transformation team will follow up to facilitate exchanging possible information regarding website builds for other potential pilots.

### **Transformation Update**

- Community Doula Program was highlighted and IHN-CCO's Alicia Bublitz presented to the Centers for Medicare and Medicaid Services (CMS) for low-risk cesarean learning collaborative.

## **Legislative Update**

- 1115 Waiver Renewal – State of Oregon and Centers for Medicare and Medicaid Services (CMS) does this renewal every 5 years, this allows the Medicaid program to happen. Oregon Health Authority (OHA) is actively negotiating right now, and the Federal Government will approve this fall and changes will be in effect July 2023. We could see some substantial changes.
- Redeterminations – During the COVID-19 state of emergency, the States were told to not disenroll members from state Medicaid programs. 1.4 million members will now have to renew, starting sometime next year. Oregon Health Authority is actively working on how to make this successful.
- Bridge Plan – This will be for the individuals who no longer qualify with the 139-200% poverty level, anticipate around 200k people. Current concerns would be facilitating how to keep members insured and engaged with care coordination. Current major gaps concerns are incarcerated members transitioning back to the community, kids aging out of foster care.
- Behavioral Health System – Currently underfunded and new funding will be coming in, around \$0.5 billion will be put towards the Behavioral Health System. Oregon Health Authority rates will be changing July 1, 2022. CCO's will not be getting additional funds to support this increase until January 2023. DST community member question of concerns for decrease in services for the next 6 months, we do not anticipate any drop-in services to happen at the CCO level.
- Healthier Oregon – Includes a group of individuals that do not qualify for Medicaid because of immigration states. Oregon is putting money into the Healthier Oregon program to include adults, as well as children that are already covered. Enrollment with IHN-CCO will begin July 1, 2022 there is currently still a lot of work happening to get this message to eligible peoples.
- REALD/SOGI – Race, Ethnicity, Language or Disability (REALD) and Sexual Orientation or Gender Identity (SOGI). This is a state law that requires the collection of this information at least once a year through CCO/Dental/Insurance Providers. This is to help with health equity and match with communities that we are serving.

## **Pilot Progress Report Updates**

- Peer Enhanced Emergency Response
  - Creating support for peers experiencing crisis in the community. Currently has a hotline and staff to deescalate crises. Crisis line is open 24/7 and has a high demand. Several peer action plans were created to strengthen community relations surrounding community crisis, and law enforcement officers. Current need is securing a vehicle to

transport peers when in crisis. As well as looking for additional ways to fund the program after the end of the year.

- Pathfinder Behavioral Health Transformation
  - Presented by current Pathfinder member. Helping to transform access to non-traditional behavioral health services for adults experiencing mental illness, homelessness, or socio-economic inequities compounded by the COVID-19 pandemic. Currently serving 138 individuals. The current increase in utilization proposes concerns around capacity. Experiencing challenges in staffing recruitment, using current network for recruitment and connecting with soon or recent graduates.
  
- Women Veterans Cohort
  - First in person event will be held August 2022. A lot of recent challenges prevented this initiative from moving forward at the anticipated pace, but lots of DST support was received. DST support to help with sharing of the survey as well as connect with community partner contributions. Lots of asks to include contact email and/or survey link.
  - The following link will take you to the Women Veterans Survey:
