Transformation Update

- Supporting Health for All through REinvestment (SHARE) Initiative
 - Focus on housing and medical respite.
 - Received 12 requests for Technical Assistance and templates.
 - Proposals due for those 12 on October 4, 2022.
- Health Equity Workshop
 - The health equity facilitated conversations occurring November, December, & January 2023 at the regularly scheduled meetings should be limited to those that attend the Committee as much as possible.
 - The goal of the training is to provide Committee members with the tools and resources to understand equity in decision-making.

Workgroup Updates

Connect Oregon – Miranda Miller

- Connect Oregon has moved from a monthly to quarterly cadence.
- Currently Unite Us/Connect Oregon usage is low, the workgroup is working to determine why that is.
- Single sign on will be coming and will help facilitate easier access.
- Working on reconciling users as in who is no longer using Unite Us and who still needs access. Reaching out to Community Partners to see who needs access and training.

Health Equity – Beck Fox

- Meeting monthly, recent meeting discussed bringing in presentations and speakers for educational purposes.
- Still seeking a community co-chair.

Social Determinants of Health – Laurel Schwinabart

- Added an agenda item called Community Spotlight where partners can present programs and work being done in the community. Have had good turnout, participation, and feedback.

Microsoft Teams (Online)

- Seeking a co-chair.

Sustainability – Elizabeth Hazlewood

- Recently requested feedback on wants and needs from community partners and restructured.
- Designed a yearly calendar for pilots. This would address basic types of contracting, including what data should be collected and how to report that data.
- Work to discuss outside of the box ideas. How do you diversify funding? What is the plan for when funding ends?

Traditional Health Workers (THW) – Andrea Myhre & Renee Smith

- Offering more supervisor training and developing a community of practice. Recognizing that there are multiple pieces, including operational, supervisor level, community need, and practice need.
- For next year, the Workgroup will be working on new pilot welcome and orientation as well as developing a quick reference tool for the IHN-CCO THW Toolkit.

Workgroup Strategy Discussion

- Discussion around what topics are missing, are the workgroups working as intended, are there additional goals or workgroups that could be recommended by the Committee?
- Waiver with the Center for Medicare and Medicaid Services (CMS) that allows states to operate differently, in Oregon this is using the CCO model.
- The waiver has been approved, meaning CCOs will continue until at least 2027 barring unforeseen circumstances.
- Some pieces that were approved include additional resources for housing and food. IHN-CCO will bring back more information at the October 27, 2022 meeting. IHN-CCO's Innovator Agent with the Oregon Health Authority also offered to present details on the approval.
- Relating back to the workgroup discussion, the workgroups could align with and support the changes for the upcoming CCO contract year.
 - This could include splitting the SDoH Workgroup into 3 smaller groups to provide recommendations to IHN-CCO on how to fund or resources programs around housing and food. Transportation is also a concern; although IHN-CCO members have access to Non-Emergent Medical Transportation, there are issues with access for emergency needs as well as social needs including grocery shopping, visiting family or friends, and more.
 - The SDoH Workgroup recommendations on housing are still being used and have been operationalized with IHN-CCO. The recommendations have fed the Supporting Health for All through REinvestment (SHARE) Initiative, and other programs and work.
