Navigation to Permanent Supportive Housing in Lincoln County FUSE (Frequent Users Service Enhancement)

Lalori Lager MA, CADC II ReConnections Counseling

Adam Shanks, Administrative Lieutenant Lincoln County Sheriff Office

This model captures and leverages the strength of existing programs by creating an advanced system for coordination of care and referrals led by Coastal Phoenix Rising and referring partners. Supportive housing and cooperative case management are offered to appropriate and willing participants that meet the FUSE criteria.

ORIGINAL FUSE PROGRAM GOALS AND ELEMENTS:

Use a data-driven, quantitative method to identify the vulnerable high-cost, high-need population our community (as demonstrated by frequent use of the jail and emergency department;

Serve, through case management and supportive housing, a minimum of 5 individuals within one year;

Create cross-system partnerships to identify needs and determine appropriate delivery for persons with complex psycho-social needs;

Improve social determinants of health outcomes for frequent users;

Reduce health care costs associated with frequent users for public health insurance plans, hospitals, and agencies;

Reduce incarceration costs for crimes that are associated with homelessness.

Current Lincoln County FUSE Partners:

- Coastal Phoenix Rising
- Samaritan House
- Lincoln County Sheriff Department
- ReConnections Counseling
- Lincoln County Health and Human Services
- Samaritan Health Services
- Community Service Consortium
- Lincoln County Community Corrections
- Lincoln County Treatment Courts

Catalyst Assets: Coastal Phoenix Rising

Coastal Phoenix Rising is a structured living environment that supports residents from a range of referral sources with a variety of housing and other needs. The CPR campus includes non-congregate living space, shared meeting space and a hospitality room.

Referring partner organizations are expected to participate in one of two weekly group staffing opportunities to best ensure the success of their clients in the housing program and in other areas of personal development.

Since beginning operations in summer 2021, CPR has served over 200 households and has rehoused nearly 1/3 of those households successfully. For a low barrier program located in a housing market like Lincoln County, this success rate is surprising and testament to the efficacy of connectivity and cooperative case management.

SAMARITAN HOUSE

Sheltering, educating and guiding homeless families with children toward independent living since 1988. In addition to personal development case management, Samaritan House residents are offered to participate in education and programing on a variety of topics relevant to family success.

This can include everything from budgeting and time management, to nutrition and cooking, to parenting theory and skills. Our case manager teaches these classes every Wednesday morning on-site in our education center. Childcare is provided and parents can focus on the topic of the day.

MAIN ACTION POINTS/Accomplishments:

- *MOU with Project Partners: identify FUSE clients and their associated partner organizations
- *3 Rooms at Coastal Phoenix Rising for 12 months.
- *One Family Apartment at Samaritan House 12 Months
- *.25 FTE Case Manager at Coastal Phoenix Rising for 12 months.
- *Weekly Case Management Meeting with MOU Partners.

Next steps:

#1 Identify a referral system that is HIPPA/42CFR Compliant. Concerns about the UNITUS cost\$\$.

#2 Continue to identify community resources and partners.

#3 Work as a community to ensure future funding.

#4 Identify initial 3 participants and engage any unique providers not already engaged in the CPR group staffing.

¡Bienvenidas/os/es!

Welcome!
