

Community Housing Support & Investments

InterCommunity Health Network Coordinated Care Organization (IHN-CCO) invests in the housing sector through community-driven projects led by equity-focused organizations. Over \$4 million was invested in housing between 2014 and 2022 in the areas of permanent supportive housing, respite care, and increased resource navigation support in shelters and communities.

Social Determinants of Health / Addressing Root Causes

Understanding the complex nature of the housing crisis, IHN-CCO is committed to funding programs that meet members where they are at while focusing on the long-term goal of reducing health inequities.

- **Frequent Users System Engagement (FUSE)**

Programming: *Lincoln County Sheriff's Office, \$124,516*

Funding housing supports with the goal of reducing recidivism of incarceration for individuals with mental health issues, drug and alcohol dependency, and/or trauma induced behaviors.

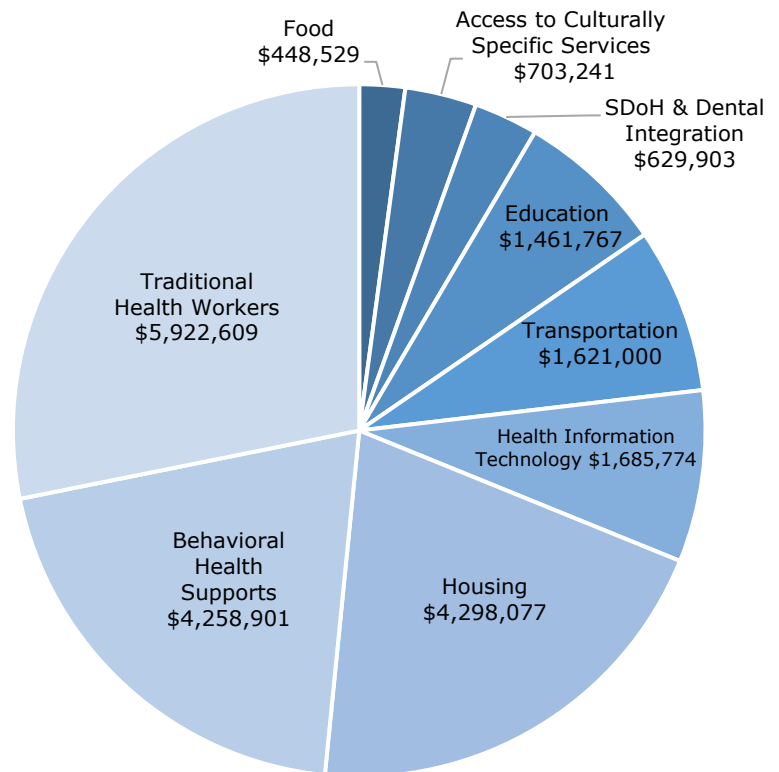

- **Faith Communities Engaging**

Health: *Faith Community Health Network, \$98,010*

Supporting FCHN nurses in community health, health coaching, and resource navigation among the unhoused populations engaging with faith community supports.

- **Service Integration Team in East Linn County:** IHN-CCO developed and funds a Service Integration Team in Linn County. The Service Integration Team is a community collaboration that supports navigation to individual needs related to addressing SDoH.

- **Coalition for Housing Equity:** information sharing collaborative built on equity to develop recommendations for an IHN-CCO housing benefit, establish regional funding strategies, and connect systems in all sectors that impact housing, including governmental, healthcare, businesses, community-based organizations, and more.

IHN-CCO Social Determinant of Health Spending Breakdown by Category, 2014-2022

Supporting at Risk Members and Moving to Permanent Supportive Housing

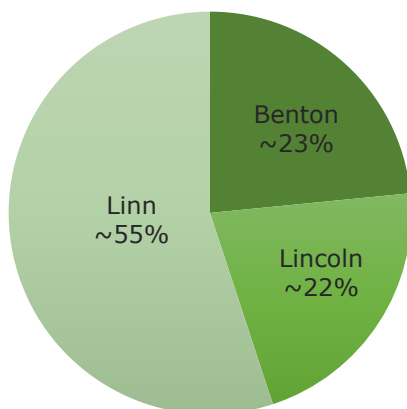

Recognizing the complexity of our housing crisis, IHN-CCO is dedicated to building sustainable programs supporting resource navigation and increased access to culturally responsive services by addressing members' health related social needs.

- **Permanent Supportive Housing Respite and Housing Case Management:** *Corvallis Housing First, \$145,036*
Establish and integrate frameworks for sustainable PSH programming through Traditional Health Worker billing pathways.
- **Healthy Homes Together:** *Albany Partnership for Housing, \$95,480*
Increase access to Traditional Health Worker support in accessible housing to support residents at risk of eviction through service and resource navigation.

Emergency Supports

Acknowledging the need for immediate, responsive services IHN-CCO has invested in community based flexible programming to meet short term needs while supporting members to access longer term solutions.

- **Emergency Hotel Sheltering:** *Unity Shelter, \$110,000*
Expand existing emergency sheltering programming to include supportive staffing and additional room nights.
- **Care Hub Respite:** *Samaritan Health Services Care Hub, \$90,000*
Manage the provision of respite and recuperative beds for individuals leaving in-patient medical services who are unable to access
- **Wellness Care Team:** *Family Assistance and Resource Center Group, \$237,360*
Support the provision of individualized care through street outreach and outreach at the FAC micro-shelter and navigation site in Sweet Home.

About InterCommunity Health Network CCO

IHN-CCO was formed in 2012 by local public, private, and non-profit partners to unify health services and systems for Medicaid members in Benton, Lincoln, and Linn Counties. IHN-CCO is committed to improving the health of our communities by coordinating a regional effort towards meeting the Quadruple Aim of better health, better care, lower cost, and improved provider satisfaction. IHN-CCO has approximately 75,000 members on the plan on the average day and serves over 80,000 per year.
