

Proposed SHARE Initiative Process

May 8, 2023

Charissa Young-White

Overview and Background

Social Determinant of Health (SDoH) Spending Program

- Legislative requirement defined by state law and Oregon Administrative Rules
- Coordinated care organizations (CCOs) must invest some of their profits back into their communities by spending a portion of their net income or reserves
- One way that CCOs respond to SDoH, health inequities, and social needs of members
 - IHN-CCO also does through the Delivery System Transformation Committee (DST) as well as flexible services

SHARE Initiative Requirements

- Align with community priorities in the community health improvement plan (CHIP);
- Include any statewide priorities for SHARE spending in the contract;
- Include a role for the community advisory council in directing and tracking;
- Involve community partnerships with a portion of dollars going to SDoH partners; and
- Fit into at least one of the four domains related to the social determinants of health and equity:
 - Economic stability
 - Neighborhood and built environment
 - Education
 - Social and community health

How We Got Here

2020-2021

LOCAL COMMITTEE DISCUSSIONS AND CAC DECISION: **HOUSING** AS THE PRIORITY AREA

2021

RELEASED REQUEST FOR PROPOSAL (RFP)
CAC MADE FINAL DECISIONS BASED ON IHN-CCO RECOMMENDATIONS

Early 2022

CAC DEVELOPED SCORECARD AT THE LOCAL COMMITTEE LEVEL APPROVED BY REGIONAL CAC

Late 2022

RFP RELEASED
IHN-CCO SCORED INTERNALLY AND MADE FINAL DECISIONS

Proposed 2023 Process

Decision Needed: Presentations to the Local Committees

1. Request for Proposal released with housing as the priority
2. Technical Assistance required for proposers
 - Possible presentations to the Local Committees (July)
3. IHN-CCO provides final applications to CAC at least two weeks prior to discussion
4. Using 2022's CAC-approved scorecard, the Regional CAC scores the proposals
5. Ranking created based on the scores
6. IHN-CCO reviews for adherence to contract requirements
7. IHN-CCO Board makes final decisions based on the ranking
